SIGGY SMALLS

Starting her career interviewing artists at Sony HQ, **Siggy** quickly moved into hosting her own weekly show on **MEATtransMISSION**, playing the best in disco/nu disco and **vocal house** with guest DJ's and producers.

Fast forward nine years, Siggy is now a two time **Glastonbury** performer and has DJed in Europe, Asia, Central and **South America**. She has a swathe of impressive gigs in her back pocket, including Burning Man (US), **Hideout Festival** (HR), Secret Garden Party (UK) Pikes (ES) and more. Closer to home, she finds herself a resident at leading party **Disco Disco**, which has seen her play at Elrow, Room 1 in fabric and Boogietown Festival, all alongside **world class** performers and DJs.

Now working in the studio to release some **original material**, Siggy looks set to continue to raise the bar in what has already been a **stellar journey** in the dance music industry.
