MAR+MER

Mar+Mer is the collaboration of two musical souls who's addictive beats have an essence of rawness and magnetic appeal.

Collectively, their music is derived from four decades of modern music marked by an energetic performance of enthusiasm; positive auras, infectious melodies, and bouncy rhythms spilling onto the dance floor.

Based in Dubai - they hold a residency at one of the most reputable clubs, Soho Garden DXB, that has seen them support the likes of Peggy Gou, Tale of Us, Camelphat, Marco Carola and many more huge names.

Both growing up with musical backgrounds and families has meant that their passion started at a young age and has continued propelling. They've released music on record labels such as Augmentel, Monaberry, LW Recordings and aren't stopping with their seamless productions any time soon.
